ЦЕРКОВНИЙ ВІСНИК

Отець Олвіян Попович з дружиною Наталією та дітьми Андреею, Андрієм і Христинкою (на руках)

Для нас співають на нашому Різдвяному обіді Андреея і Андрій Попович. Вітаємо!!!

Andreea Popovici & her brother Andrew will sing to us during Prospora Dinner, and possibly some carols in the church. They are from the Parish in Lindenhurst. Last year our Deanery made collection for the victims of Hurricane Sandy from that Parish and it is fitting to welcome our young singers with their mother Natalia.

З обкладинки альбому «Українка»
Звуть мене Андрея Франческа Попович. Народилась я у сонячній Румунії в сім'ї священика. Любов до ліричної української пісні привела мене мати, часто наспівуючи ніжним голосом прекрасні мотиви та граючи на бандурі. Цей альбом присвячую своїй родині в дарунок за любов, ніжність, ласку, добро від рідних, близьких серцю людей.

Особливою теплотою і ніжністю хочу подякувати своєму улюбленому братику Андрійкові за розуміння й підтримку у виконанні спільних пісень. ...

As part of the new Church Directory, which will be published early next year, we are adding "Memorial Pages" to the book. You can submit a picture, (pictures) of your loved ones for a cost of \$20.00 a picture. You can put the picture and check payable to St. Nicholas in an envelope and put it in the collection basket or drop it off at the rectory. If you have any questions, contact Elaine at the parish office Monday or Thursday from 9:00-1:00.

2014 Envelopes

2014 Church Envelopes are ready for pick up in the back of the church, on the right side as you enter the church.. Please remember: the cost per box is \$5.00. If you did not receive a box of envelopes and **would like to use the envelopes during the upcoming year**, please notify the Parish Office, (Father Marijan or Elaine) we have extra envelopes.

Also: if you are celebrating Christmas on the Gregorian (New) Calendar, the **CHRISTMAS ENVELOPE IS FOUND AT THE END OF THE BOX.** Please use 2013's envelope for CHRISTMAS 2013. There were two Christmas envelopes in the box, one at the beginning and one at the end, just in case you celebrate both calendars. **If you are celebrating Christmas on the Julian (Old) Calendar, please use the CHRISTMAS 2014 found at the beginning of your new 2014 box of envelopes.** We ordered the church envelopes from a new company. They are in two boxes instead one one, make sure you take the two boxes. **PLEASE DO NOT USE YOUR NEW BOX OF ENVELOPES UNTIL JANUARY 1, 2014.** We ask this because in most cases the number you had in 2013 is not the same as the number you have in 2014, and this may cause your donation to be entered incorrectly into the computer since most parishioners do not put names on their envelopes.

From the desk of Fr. Ray Palko

January 12, 2014 A.D.

Christ is Born! Glorify Him!

Dear _____,
(Your name right here, for your very own personal letter)

It's been a pretty interesting week around here,
and the hardy folk of South Buffalo, West Seneca,
Lackawanna and the Southtowns can thankfully say,
"We survived the Lake Effect Blizzard of 2014."
Thanks for all your phone calls and e-mails from near
and far to check on us. *The Weather Channel* made
us famous and allowed you to see what was going on
around here, especially on Monday and Tuesday.

We did become a national story, and the storm is
still #1 topic of conversation, even trumping Obama
and his antics, a state senator who is in trouble, a
governor-politician who has ALL the answers to
initiate Utopia any day now, and even the
appointment of a new general manager for the
Buffalo Sabres, who will one day bring the Stanley
Cup here. So I figure I'll continue the blizzard, lake
effect conversation for a bit myself.

A few weeks ago I wrote about lake effect snow
when I tried to explain how it worked. This latest blast
was what our meteorologists call "a classic lake
event." I know you all had the very cold and windy
days as we had, but, thanks to good ol' Lake Erie and
Lake Ontario a group of towns to the east and south
east of those glorious bodies of water became the
Arctic of Western New York, as we additionally
received huge amounts of the fluffy white stuff.

So it was like this....along came *The Polar Vortex*,
"whishing" cold air over the still open, warmer
waters of the lakes (when the lakes freeze the threat
of lake effect lessens), sucking up tons of moisture,
turning it into snow and driving it straight ahead to
the vulnerable towns and cities downwind. Vulnerable
and downwind they/we were and quickly they/we
became "states of emergency." Yes, the wind blew,
the snow flew and coupled with the very, very low
temps and way below zero wind chill, it was

impossible to do anything other than stay home. We
used to have a mayor in Buffalo who gave an answer
to his critics when they complained about snow
removal. Jimmy Griffin, of blessed memory, would
tell them, "Stop worrying...go home, grab a six-pack
and relax!" Great advice and we pretty much did
that...at least the relaxing part. ☺

Going to the window to look out was fruitless as
the wind smashed the snow onto all sides of the
house and wiped away the view. When we did find a
spot on the glass pane which was not covered, it still
was futile because visibility was about 10 feet! All the
major highways were closed including a great
stretch of the NY Thruway. The hard hit towns
declared driving bans. The poor long distance
truckers were forced to find a spot to place their rigs
and get themselves to a warm place to sleep. And it
snowed and blowed and stayed cold for two days
straight, and finally on the third day it eased up a bit.
Yep, Lake Effect in Western New York. Ya gotta see
it, to believe it!

When I wrote those few weeks ago I explained that
the lake effect goes where the wind pushes it. If the
wind changes directions, then other towns get to
share the wealth. Often times you hear of the
oscillating bands that move back and forth, north
and south. When that happens it gives a reprieve
from the falling snow for a while. Kind of like being in
the eye of the hurricane. One interesting fact about
the bands this week is that they stayed almost
stationary for the two and a half days. That being the
case, the same towns got all the wealth and didn't
share much of it! West Seneca officially reported
sixteen inches, but it sure looks like a lot more. BTW,
how do they measure snow anyway, especially when
it is blowing and drifting?

Monday was January 6, our great feast day of the
Holy Theophany (new calendar). We were able to get
to church for the Divine Liturgy, which on this day is
followed by our beautiful and meaningful ritual of
The Great Blessing of Water. There was also service
scheduled for the 7th, but we had to cancel that as we
still hadn't even opened the door of our house yet.

Even if we could get to the driveway, it was impossible to drive anywhere! The storm still raged. We managed to celebrate our important feast day of Theophany, but those praying according to the old calendar were not so lucky.

According to the old calendar, January 6 is Christmas Eve. By the 'time of the first star', the signal to begin Holy Supper, the storm was firmly in place and no one could venture very far. Those who had guests invited had their supper only with those of the household.

Later that evening "Midnight Mass" would be sparsely attended. Mostly Father, the angels and family and parishioners who lived extremely close to the church. The Buffalo Deanery Choir was supposed to sing the Liturgy at St. Nicholas, but since so many members found it impossible to get there, that part of the singing had to be changed.

Tuesday, January 7th was not much better. The storm was entrenched over the Buffalo area and again, Christmas Day services were cancelled or at least served with the priest, his family and one or two parishioners, who somehow managed to get there. It certainly was a different kind of "Greek- Christmas" for us, and for our Orthodox sister churches.

From north Buffalo to Niagara Falls, Lewiston and Youngstown there was virtually no snow falling. I was very happy when we got to Holy

Protection on Wednesday and found an easy shoveling job to clean the sidewalks around the church and rectory. Also, in spite of the wind, cold and snow the heat and lights stayed on in our house and we "endured" the storm in comfort.

Besides not having anyone to attend the great services of the season, there was one minor problem in Niagara Falls. When we arrived at the church on Wednesday morning, I opened the door and immediately went to a side room to grab the snow shovel. Presbytera turned the lights on in the church and I heard her say, "Oh no, the flowers are dead!" Almost at the same time we noticed we could see our breath in the church. Yep, the heat was out there. So an immediate call was made to the Heating contractor, who came right out. Fortunately, the heat didn't seem to be out for a great length of time and the furnace was able to be restarted immediately. According to the repairman, it seems as if one of the gusts of wind blew into the vent for the furnace and snuffed the pilot light. We were thankful it was up and running in a short time.

We did lose several of the poinsettia plants, but it looks as if most of them will survive to grace our temple once again this Sunday. Following Liturgy on January 12, the parishioners take the flowers to their homes so they can enjoy them there. So I guess we got there at just the right time.

Even though many did not get to the Church for Christmas/Theophany we still are celebrating and looking forward to, the various parish "Prosphoras" (Parish Christmas/Theophany meals). For sure we will be celebrating the joy and wonder of this beautiful season.

And *that was the week that was* on the eastern end of Lake Erie! God willing and the snows don't blow, I'll write again next week. I hope, in spite of the storm and cold you also "endured and survived." May our God bless you and our Holy Lady protect you!

In His Love,

J. Ray
