Pope Benedict XVI Intentions for June 2011

General Intention: That priests, united to the Heart of Christ, may always be true witnesses of the caring and merciful love of God.

Missionary Intention: That the Holy Spirit may bring forth from our communities numerous missionary vocations, willing to fully consecrate themselves to spreading the Kingdom of God.

ATTENTION! Proper Attire for Church Services

Out of respect for Our Lord and for the edification of our neighbors, we beg men and women, boys and girls to appear in church modestly and respectfully dressed.

Shorts, tank tops, low-cut, backless, and minidresses, halters, bare midriffs, tight fitting clothes, etc. do not meet the norm of Christian modesty and/or respect.

Your cooperation is evidence of your love for Our Lord in the mystery of the Holy Eucharist in the Tabernacle and for His Most Holy Mother. Thank you!

supplies, gasoline, wood, etc. They help with the keeping of
the grounds and buildings, cutting the grass, painting, cleaning

mechanical skills are appreciated. (to be continued).

Telling the Truth like John the Baptist

**John the Baptist preached the truth boldly, without
sugar-coating it. In a Culture of Death, we must do the same. In
“The Gospel of Life,” Pope John Paul II put it this way:**

**“The acceptance of abortion in the popular mind, in
behavior and even in law itself, is a telling sign of an extremely
dangerous crisis of the moral sense, which is becoming more and
more incapable of distinguishing between good and evil, even
when the fundamental right to life is at stake. Given such a grave
situation, we need now more than ever to have the courage to look
the truth in the eye and to call things by their proper name,
without yielding to convenient compromises or to the temptation
of self-deception. In this regard the reproach of the Prophet is
extremely straightforward: "Woe to those who call evil good and
good evil, who put darkness for light and light for darkness" (Is
5:20). Especially in the case of abortion there is a widespread use
of ambiguous terminology, such as "interruption of pregnancy",
which tends to hide abortion's true nature and to attenuate its
seriousness in public opinion. Perhaps this linguistic phenomenon
is itself a symptom of an uneasiness of conscience. But no word has
the power to change the reality of things: procured abortion is the
deliberate and direct killing, by whatever means it is carried out,
of a human being in the initial phase of his or her existence,
extending from conception to birth” (EV n. 58).**
